## MULTICULTURAL BERLIN FLAIR IN A TRENDY DISTRICT OF ZURICH

**NUMA Craft** is the ideal modern retreat for everyone who wants to embrace Zurich's lifestyle. In recent years, the city has undergone a transformation and is already called the "New Berlin": a hip melting pot that attracts more and more young people with its bars, clubs, and boutiques. The minimalist building of **NUMA Craft** is located in the heart of the Langstrasse district. Despite its remaining touch of red-light flair, the area has recently developed into an urban district characterised by popular gastronomy and cultural highlights. Langstrasse is Zurich's most colorful and diverse quarter. During the day, you can enjoy international specialties and get inspired in the galleries of young designers. In the later hours, you have plenty of opportunities to discover the exciting Zurich nightlife. If you want to unwind, plan a walk along the picturesque shores of Lake Zurich.
